they should induce every other patriotic
young American, to prefer Republicanism o Democracy.

COLONEL JAMES E. NEAL of Ohio,
CLEVELAND'S United States Consul at
Liverpool, is coming all the way to
Hamilton to vote for Patt. Some for Congress. The Colonel mistook his hat for a telephone in Washington and told a reporter that Sorg would be elected over Major RATHBONE by 2,500 majority. NEAL has evidently been tanking up on 'alf han' 'alf.

On another page of THE LEDGER will be found the many letter of Hon. W. B. PUGH of Vanceburg, withdrawing from the Democratic party and allying himself with the Republicans. We commend his letter especially to young men, be-cause we are persuaded that many others cause we are personated that many others are just now contemplating such a step, preferring the unity and consistency of Republicanism to the disjointed and doomed Democracy. The course of Mr. Push should be the course of every particule young American who has seen his New Mohar Nation disgraced and his Flag dishon-ored by the damnable policy of the present Democratic Administration.

The markets of the world, of which so many glowing pictures have been painted by Free-traders of the United States, are as nothing when compared to the home market our producing millions find for all of nature's stores. More than \$50,000,000,000 worth of goods, the product of our own country, find a ready sale in our own markets. This is larger than all the foreign trade of the world. Then why should we exchange this safe, sure, excellent place of finding sale for all we produce for the indefinite one that no Democrat has ever been able to locate or find?

THESE are not THE LEDGER'S "croaks. They are simply "howls" from the in-dustries and workingmen that were promised such prosperity—when Mr. CLEVELAND and the Democratic party
